

Call to Action – Save E.S. Rose Park

If you think that a baseball field, softball field, soccer field, football field, and a running track ...

*If you think all of those things can be used **rather continuously by a university** without infringing on the freedom of the community, then you will buy the Brooklyn Bridge for two dollars.*

Reverend Bill Barnes, 2007

*The first thing is to keep your assets for the community. And don't let some other group, whether it's **a respected university** or Metro Government, take your assets.*

Mayoral Candidate John Cooper, 2019
